

**UNITED CODE**

**UNITED CODE**

**Uniting code with your ideas.**

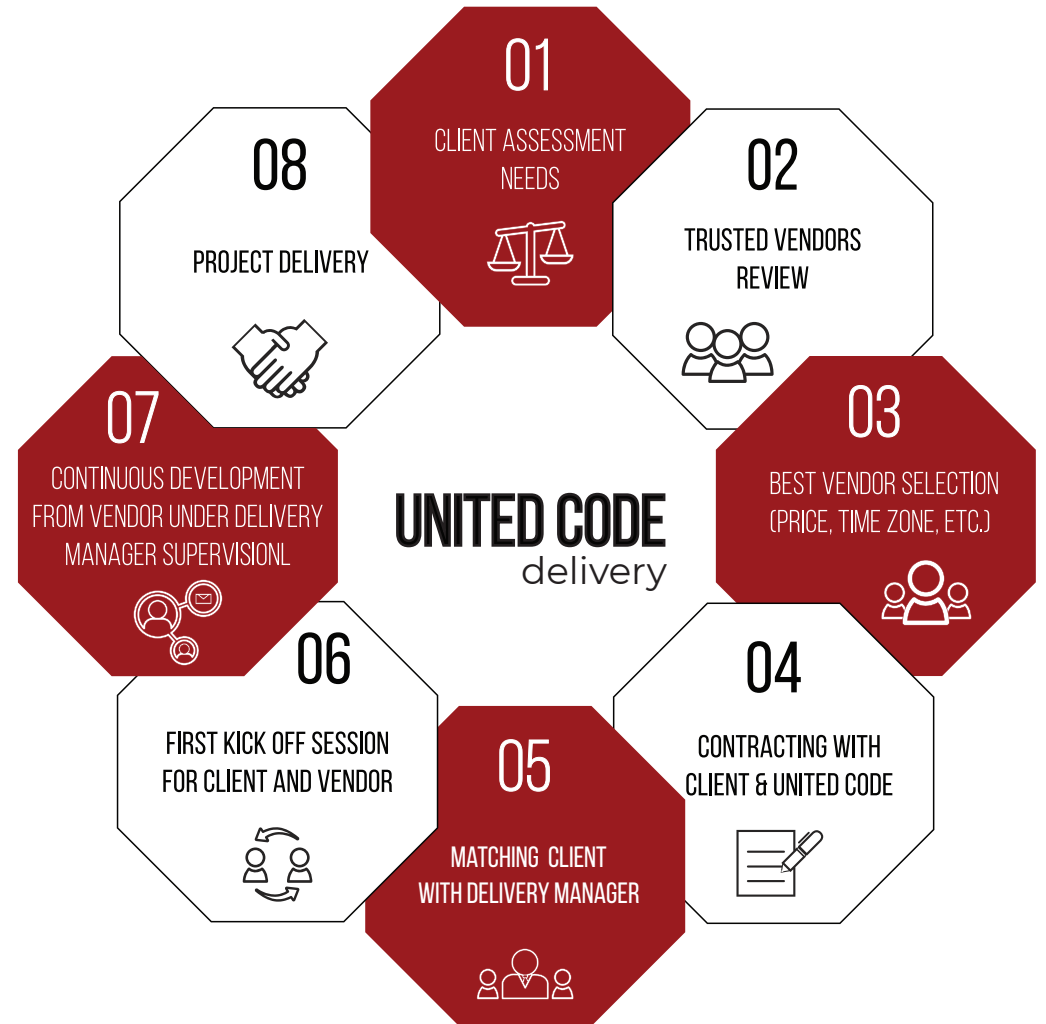

# UNITED CODE

We are creating an **innovative way** to obtain quality **custom software development**.

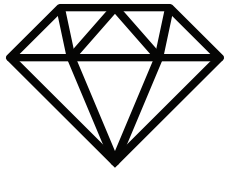

By merging brilliant individuals, development teams, and firms from all over the world under our oversight, we are redefining software development.

By managing the entire contract and delivery management process between our clients and developers, we insure commitments are kept, deadlines are met at or under budget.

We provide **US delivery** management of software development and keep your project on schedule and on budget.

# UNITED CODE

## How do we select our vendors?

- 1.** We collect feedback from the market about them;
- 2.** We collect reviews from their developers;
- 3.** We communicate with the decision maker;
- 4.** We personally review vendor's office.

# UNITED CODE

We are **NOT** an **Outsourcing** company.

# UNITED CODE

## What we do:

- 1.** We are continuously improving our platform for combining customers and developers.
- 2.** We give developers the opportunity to focus on what they love, coding.
- 3.** We make the project development process easy and smooth for our clients and the developers they work.
